

Comité de Jumelage de Démouville
Mairie
Démouville FR - France

www.jumelage-demouville.net

The "Comité de jumelage de Démouville" is a Town Twinning Committee which initiates projects along with families, schools and young people in order to create exchanges with foreign countries, especially with Germany and the United Kingdom. It has also started to develop relations with the Czech Republic, Slovakia and the Republic of Macedonia.

Our main objective is to make Europe easier to discover for youth and families. Therefore we arrange European events every year. Today, about 20 young people participate to the discovery of Europe based on a cultural approach. The committee along with the families and the young people, organize many activities like foreign exchanges for young people, school trips with the primary school, trips with families, foreign languages lessons, Europe Day, Christmas market etc.
