**ALDA
FESTIVAL**

GENERAL ASSEMBLY
WORKSHOPS
CONFERENCES

**BARCELONA,
SPAIN**

INTRODUCTION

In the ever-evolving landscape of local democracy, active citizenship, and global cooperation, ALDA emerges as a dynamic force. **Through participative methodologies and decentralised cooperation**, ALDA empowers local communities in Europe and beyond. With a core mission of building bridges between local authorities and communities, the Association plays a pivotal role in fostering dialogue and collaboration that transcends borders. This commitment positions **ALDA as a local facilitator with global impact**, illustrating how grassroots activities can catalyze transformative change on a global scale.

The eagerly awaited ALDA Festival and General Assembly 2024 is set to become a landmark event, marking a significant milestone in the Organisation's relentless pursuit of its mission and impact. Taking place from **May 13 until 15, 2024**, and scheduled to unfold in the city of Barcelona, Spain, this assembly strategically aligns with the Barcelona European Capital of Democracy (ECoD) initiative, amplifying the resonance of its mission.

The event will also acquire special significance since it will take place the month before the European Parliament elections of 2024 scheduled for June 6-9 of the same year. The proximity to these crucial elections enhances the relevance of the General Assembly, creating a dynamic context where discussions, insights, and strategies formulated during the event can contribute meaningfully to the broader European democratic landscape.

The ALDA Festival and General Assembly 2024 – “Local Democracy for Global Impact” will allow attendees to explore synergies between local and European levels of governance. This alignment reinforces the commitment of ALDA to fostering cooperation between citizens, local and regional authorities, and the broader European context, ultimately contributing to its mission and the one of its partners in promoting local democracy to ensure resilience. The event will also further consider the added value of ALDA and its mission into a more more global context with international partners.

The General Assembly, designed to be a three-day immersive experience, promises an engaging and thought-provoking and solution oriented programme. The event will cover key topics strictly related to ALDA’s Thematic Hubs among which citizens engagement, migration, gender equality, Human Rights, youth engagement, digitatlisation and territorial approach to local development.

In addition, it will also embrace an international perspective by touching many geographical areas among which are the Mediterranean, Africa, Western Balkans, Europe and Eastern Partnership countries. The ALDA Festival and General Assembly 2024 will represent the meeting point and discussion of local activities carried out on a global scale. Among the highlights are meetings with Barcelona students, thematic workshops, and international events.

ALDA FESTIVAL & GENERAL ASSEMBLY

2024
