

ALDA CITIZEN JOURNALIST INITIATIVE HAVE YOUR SAY!

What is your opinion as a citizen living in the enlarged Europe? Which issue in the EU and its Neighborhood captured your attention lately? Have you ever wondered about to be a journalist? And the main question: Do you want to contribute with your voice and your active participation in order to create and shape the society you live in? If your answer is YES, then you cannot miss this unique opportunity provided by ALDA Citizen journalist initiative!

Together with our members and partners, we are establishing a network of citizens journalists who write articles, news, and interviews on topics of interest in the EU and its Neighborhood.

Our main objective is to give a voice to all citizens, youngsters in particular, stimulating and disseminating their thoughts on the meaning of EU citizenship, problems of their communities and of the enlarged Europe, and good practices to foster citizen participation.

If you are interested or know somebody who might be, please get in touch with us by emailing our Communication officer Elena Debonis: elena.debonis@aldaintranet.org

Your contributions will be published via ALDA's communication channels, including our website, social media, newsletter, etc.

Do not miss this opportunity! Have your say!
