

RAM, Regional Association of Municipalities "Central Stara Planina"
Opalchenska
Gabrovo BG - Bulgaria

www.rso-csp.org

From its establishment in 1997 until now RAM "Central Stara Planina" actively supports the local authorities, advocates their interest and contributes to the strengthening of the local governance in Bulgaria. We promote and encourage mutual cooperation and sharing of experience among our members; gather and disseminate information on all issues affecting local governance (via bulletin for information and exchange, web site www.rso-csp.org and publications); provide professional training both for elected and appointed representatives of local authorities in order to improve their skills and capacity; organize conferences and discussion forums on hot municipal policy and management issues; promote the Central Stara Planina region in front of the structures of the European Union and the Council of Europe; develop and implement projects of local and regional importance; support municipalities in using EU funding opportunities; establish relations with national and international association
