

UBBSLA, Union of Bulgarian Black Sea Local Authorities,
Асоциация на Българските Черноморски Общини
Preslav
Varna BG - Bulgaria

<http://www.ubbsla.org>

UBBSLA co-ordinates the activities of its member-municipalities in the sphere of economics, science, ecology, energy management and sustainable development: organizes their efforts in the process of solving common problems. It is an organization uniting the interests of all of its member-municipalities and encouraging strong and effective local self-government and active citizen participation.

Its aims :To improve the competency & knowledge of local public servants, to provide opportunities for municipal officials and staff to exchange experience and information on local policies, programs & projects, to develop commentary and/or proposals on laws affecting Local Self-Government, to conduct studies, collect data, prepare research, to facilitate the exchange of experience and practices in Local Self-Government among Governmental officials, academicians and Local Self-Government in other countries, to organize common projects or programs for the mutual benefit of its members.
