

## PARTICIPATORY PROCESSES IN THE SUSTAINABLE ENERGY FIELD – HOW TO ENSURE EFFECTIVENESS AND SUSTAINABILITY?

Are you a **civil servant**, an **elected representative**, a **member of associations or SMEs**, or a **citizen committed to the wellbeing of your community**?

Join the event, and navigate through the challenges of a collaborative process through the gamebook developed by project ENLARGE.

The event will be moderated by Irene Zanetti, Head of Communications of ALDA, European Association for Local Democracy.

For further information, please contact:

[irene.zanetti@aldaintranet.org](mailto:irene.zanetti@aldaintranet.org)

### Date and place:

European Social and Economic Committee  
Rue Belliard 99-101, 1000 Brussels, Belgium  
**4 May 2018, 16:30 - 17:30**

*ENLARGE is a project funded by the European programme Horizon 2020, which builds and shares knowledge on the design features and mechanisms that favour the effectiveness and sustainability of collaborative processes in the environmental fields. ENLARGE will produce a game-book for all those who want to start a participatory process, supporting their choices with a tailor-made approach, based on the successes and limits of real-life cases analyzed.*
