Activities to be proposed during the Stand:

1. **The Discriminatory Diary:** ALDA staff will ask the people that visit the stand to reflect and write down a moment when they were discriminated and how they felt. We will display these thoughts so people can read and reflect on their own experiences.

Preparation: Some examples from the project Get Up needs to be already displayed in the stand in order to inspire people. In order to do so, collection of thoughts from the Get Up Project – little paper already prepared.

Materials needed: Papers (Agenda paper would be more effective); pens & pencils; string (to hang the little papers); little clothespins.
