

# CITIZEN JOURNALISTS

Have your say!

*What is your opinion as a citizen living in the enlarged Europe?*

*Which issue in the EU and its Neighbourhood captured your attention lately?*

*Have you ever wondered about to be a journalist?*

*And mostly:*

*Do you want to contribute with your voice and your active participation to create and shape the society you live in?*

If your answer is **YES**,

then you cannot miss this unique opportunity provided by **ALDA Citizen journalist initiative!**

Together with our members and partners, we are establishing a network of citizens journalists who write articles, news, and interviews on topics of interest in the EU and its Neighborhood.

Our main objective is to give a voice to all citizens, youngsters in particular, stimulating and disseminating their thoughts on the **meaning of EU citizenship**, on **the issues they experience** within their communities and in the European Union and its Neighbourhood, as well as good practices to foster citizen participation.

## **How can you contribute?**

Write an article on a topic of interest and send it to [alda@aldaintranet.org](mailto:alda@aldaintranet.org) . Even better if you attach a picture of yourself!

Please note that contributions will be published via ALDA's communication channels, including our website, social media, newsletter, etc.

**Don't miss this opportunity... HAVE YOUR SAY!**
