

Informative course on European funding opportunities

Our informative course is the perfect starting point to enter the world of European funding, understand their functioning and identify the best options to develop your ideas. This course is designed for **students, social workers, associations, cultural organisations, local authorities and individuals**.

Our method? Interaction first! Frontal lessons with practical examples of tenders and implemented projects, along with working groups will accompany you throughout the whole course. Trainers will be also available for individual ad-hoc consultancy and coaching sessions.

Content

A great opportunity to benefit from the ALDA **strategic partnership with the EU Commission** and get precise information on all existing funding programmes, including a preview of the new **2021-2027 Multiannual Financial Framework**. The course will allow you to understand the priority and goals of each programme in order to identify the most suitable ones to develop your project ideas. We will teach you how to find information online, identify the right tenders according to your interest and give you some hints to develop ideas in line with the new financial framework.
