

BAKU DECLARATION

DECEMBER 2013

The economic crises in the world have affected the social and political context in our countries and have negatively impacted the development

This led to an inadequate and highly imbalanced social structure in many fields

Accepting the fact that the EU and global integration process is unstoppable

We, the 47 Representatives of civil society organisations and participants from 17 countries as a part of the partnership building activity FUNNY (FIGHTING UNEMPLOYMENT through NETWORKING for YOUTH)

DECLARE

Understanding the actual situation its causes and consequences

Accepting our part in the progress and future of our societies

As active participants in decision making process

By taking responsibility for the quality of our and our peers' lives

We will conduct and implement concrete projects aiming to boost employment in the spirit of partnership, solidarity and cooperation among nations worldwide, and will continue our cooperation and exchanges of good practices in the field of Youth employment.
