

TEAM 4 TEAM

Turkish-European Active Movements for Training, Exchange, Action and Mobility

Programme & objectives

TEAM4TEAM is a Civil Society Exchange project aiming to support exchange between civil society in Turkey and Europe on media and active citizenship, managed by [ALDA](#) and [MEDAR](#). Running from March 2021 to March 2022, the project will consist of 3 main activities:

- An **Online School** (May-June 2021) composed of 8 modules to delve on media and active citizenship, described in attachment;
- An **Exchange** period of 6 months (August 2021-January 2022) dedicated to 6 selected partnerships (1 Turkish CSO in partnership with 1 European CSO) who will engage in online job shadowing activities, organise an in-presence study and co-develop an action plan laying the ground for their future collaboration with the support of a small grant;
- A **Spring School** (February/March 2022) in Barcelona deepening the topics of media and citizenship (i.e. mobile journalism, fundraising for media and democracy projects, news verification, digital security, digitalisation, social media and third tools, data analysis and media) and with a specific focus on the involvement of youth.

We are looking for participants!

There are two ways to engage with the TEAM4TEAM project:

- If you belong to a **Turkish or European Civil Society organisation** interested in increasing their media and active citizenship capacities, you can apply to take part to the whole project consisting in the three activities;
- If you are an **individual** (a journalist, an activist) interested in following the Online School, you can apply to follow all or part of the modules.

Requirements: CSO representatives are required to attend at least 80% of the course to access the next phase of the project (with due justification for not attending the 20%, in the case). The course consists of 8 modules, therefore you are expected to attend at least 6 of them. Participation in the online school (as well as to the exchange program and the spring school) is completely free of charge.

Selection: CSO representatives will be selected on their interest, motivation and willingness to engage along the whole project. Please note that the project language will be English, and participants are expected to be proficient in this language in order to favour the exchange.

[Apply here](#)

The call is open until April 26th, 2021

TEAM 4 TEAM

Turkish-European Active Movements for Training, Exchange, Action and Mobility

Online School programme

Each module will include interactive activities and a space for networking.
