About the “APPROach” project

Starting in April 2018, the project is co-funded by the European Union's Rights, Equality and Citizenship programme, aiming to facilitate the circulation of information towards EU mobile citizens for them to effectively exercise their rights in their welcoming city. The APPROach project is working to fill an existing gap that limits the exercises of citizens' civic rights by co-creating an online platform, the APPROach platform. This digital ecosystem was designed with the active participation of EU mobile citizens and our partner cities: [Etterbeek](#) (Belgium), [Milan](#) (Italy), [Nea Smyrni](#) (Greece), [Paris](#) (France), [Veile](#) (Denmark), [Lisbon](#) (Portugal), [Amsterdam](#) (Netherlands) & [Warsaw](#) (Poland).
