The Governing Board of ALDA met in Trieste today to kick off the activities of 2022. The members of the Governing Board:

- Condemn in the strongest possible terms of Russian aggression against Ukraine, a free and independent state and a country which made its European choice since 2014. The invasion is killing innocent people every day;
- Call for an immediate ceasefire;
- Express their full support and friendship to ALDA’s Ukrainian members: the city of Mariupol, Dnipro and the District of Odessa as well as their support to partners and organizations that are part of ALDA’s networks in Ukraine;
- Following recommendation of ALDA’s members in Ukraine, they call for the immediate securisation of a humanitarian corridor for all cities in need, including the city of Mariupol, completely disconnected from aid;
- Call for the EU to be united and to continue to impose the sanctions, the way for us to avoid a global war;
- Express their support to Russian and Belarusians civil society and activists, who are putting their life at risk for saying their disagreement towards the Russian regime of Putin;
- Call all the members of ALDA:

- To be vocal in their communities, to take a stand against the Russian aggression and to express their support to Ukraine, with a statement or the public exposure of the flag of Ukraine;
- To contact national institutions expressing their willingness to hosting refugees;
- To engaged with their constituencies in order to facilitate the welcoming and hosting of refugees;
- To donate and support the organizations helping refugees.
- To support the process in all possible ways;  
- To express also support to Russian activists and civil society, who are risking a lot for saying their disagreement with their governments;
