## STOP PROJECT

*600 direct beneficiaries*

- Project Duration: 15th May 2023 – 5th November
- Target group reached: schools, young people, vulnerable groups
- Total Budget for the Action: 19600,00 Eur

## SUMMARY OF THE PROJECT

The project aimed to involve school students from Walbrzych Municipality area in activities for environmental protection. It had two main goals: stimulating civic activity in environmental protection, among primary and secondary school students; rising awareness of young people about the different kind of peer violence and its destructive impact on young people lives. The project built patterns of behaviour, aimed at reducing the amount of municipal waste; strengthening social sensitivity on people suffering violence, especially young people from Ukraine who are suffering for the war.

## BEE SUSTAINABLE

- Project Duration: 9th May – 19th November 2023
- Target group reached: young people, schools
- Total budget for the action: 20,000 Eur

*31 direct beneficiaries*

## SUMMARY OF THE PROJECT

The aim of the project was to introduce key concepts and approaches connected with circular economy among the youngster community in Portimão Municipality, by developing an innovative educational programme based on non-formal and participatory methodologies. The objective was to develop an educational programme that can be further replicated in different municipalities in the region and in the country. The aim was to assess the interest of the classes and the teachers in implementing workshops and handle all logistical and bureaucratic aspects of their implementation.

## GREAT: GREEN ANSWERS FOR TERRITORIES

- Project Duration: 1st May – 31st October 2023
- Target group reached: young people, vulnerable groups, citizens
- Total budget for the action: 10,000 Eur

*510 direct beneficiaries*

## SUMMARY OF THE PROJECT

The project engaged many people, including both adults and children, within the gardens of Villa Zileri, with the aim of sharing the horticultural experience of the social farm "Frutti di Marta". Visitors had the opportunity to experience the daily life of a group of 15 people with disabilities, who work in the garden and the Villa. Visitors could take part in three different experiences: the botanical experience, the artistic experience, and the agricultural experience. To conclude the journey during these visits, the visitors took part in hands-on workshops tailored to their age group.

## WELCHOME

*105 direct beneficiaries*

- Project Duration: 8th May 2023 – 5th November 2023
- Target group reached: Vulnerable groups, migrant people, citizens
- Total budget for the action: 15,000 Eur

## SUMMARY OF THE PROJECT

The project WELCHOME (Community Engagement fostering accessible housing for refugees and migrant people) goal was the access to affordable and adequate housing for vulnerable groups, in particular refugees/migrant people, as a driver for inclusive and equitable societies. The project successfully achieved its objectives by actively engaging the local community in addressing housing issues for vulnerable groups, particularly migrant populations. Through participatory mechanisms, 75 individuals – including both home owners and people in need of a home – were involved in discussions and consultations, fostering a better understanding of housing challenges and intercultural coexistence.

## WORKING FROM INTERCULTURALITY FOR A SUSTAINABLE COMMUNITY

- Project Duration: 19th June – 7th July 2023
- Target group reached: young people *33 direct beneficiaries*
- Total budget for the action: 15,000 Eur

## SUMMARY OF THE PROJECT

The project was born with the main motivation of making young people from different background reflect on the climate emergency that we must face as a society. They tried to go further, leading the reflection on how to deal with this problem from different environments, such as the rural and urban world. The activities were conducted through original methods that attracted the attention of the participants, learning through play and creativity. This type of tool has been useful to capture the attention of the young participants.

## CICLYHUB

- Project Duration: 2nd June 2023 – 16th October 2023
- Target group reached: citizens, youth
- Total budget for the action: 19.940,01 Eur *373 direct beneficiaries*

## SUMMARY OF THE PROJECT

The project's goal was to rise awareness about the existing connection with the beneficiaries on 3 territories: Bassano del Grappa, Calvene and Padova. The idea to spread activities on different territories is to connect different actors that work and act on same topics but in different places in order to share not only project implementation but also and mainly to share difficulties and resources. The whole hub had the chance to see difference activities that allowed different actors to dream about different interventions in each territories.

## SOUNDIVERSITY PROJECT

- Project Duration: 08th May 2023 – 10th November 2023
- Target group reached: young people
- Total budget for the action: 15,000 Eur

*6145 direct beneficiaries*

## SUMMARY OF THE PROJECT

The project aim was to improve educational instruments related to environmental sustainability thanks to digital instruments, like a special microphone created to listen to the sounds of the soil, through the radio earphones connected to it. In details, they created new panels and buy two new monitors with their stand-alone supports. They added some advertising materials, as dedicated roll-up to be put in front of the museum. After that, they assembled and installed the new creations at the Verona Natural History Museum managing guided tours and activities whit minors. The promotion was done at the conference "Wildlife and biodiversity" hosting expert speakers on the topic.

## TRAINING PROGRAM FOR WOMEN ENTREPRENEURSHIP: “WOBIZZ BOOSTER ENTREPRENEUR IN 6 WEEKS”

- Project Duration: 19th September 2023 – 26th October 2023
- Target group reached: young women
- Total budget for the action: 19,200 Eur

*332 direct beneficiaries*

## SUMMARY OF THE PROJECT

The project had two specific objectives: facilitate the entrepreneurial journey in Etterbeek; and design a viable project that tends towards financial and professional stability. These objectives allowed a target audience particularly exposed to discrimination to benefit from specific support to succeed or consider an entrepreneurial project. The project offered women a coaching and training program to imagine, launch and succeed in an entrepreneurial project, identifying with them the challenges and opportunities of such a journey by giving them all the tools to overcome the barriers that a woman entrepreneur may face.

## 10TH DANUBE PARTICIPATION DAYS

- Project Duration: 23th October 2023
- Target group reached: Civil society organisations, LAs, Representative of National Ministries, Accademia Universities
- Total budget for the action: 10,000 Eur

*104 direct beneficiaries*

## SUMMARY OF THE PROJECT

The 10 Danube Participation Day, DPD, held at the great hall of the faculty of Social Science of the University of Ljubljana was the Civil Society convention in the framework of the EU Strategy for the Danube Region, EUSDR. The DPD addressed the topic of how to support Ukraine (and the Republic of Moldova) in the framework of the EUSDR in their transition and recovery processes on the path to EU membership. The 10th DPD addressed three main issues for transition and recovery: 1) Democratic Transition, 2) Environmental Transition, 3) Social Transition. These topics have been addressed by expert panels and related working group sessions formulating three main messages each.
