WHY CREATING A COMMUNITY?

▶ To reduce the **gap** between authorities and citizens

▶ To create a space where various stakeholders **exchange experiences, collaborate and collectively propose solutions and ideas** for building a more effective and future oriented local governance

▶ To map **practices, initiatives and methodologies** on local governance, foresight and future-oriented governance

WHY JOINING THIS COMMUNITY?

▶ To access a **shared space** where municipalities, NGOs and other key actors are exploring together **effective** and **inclusive solutions** to overcome future democracy challenges;

▶ To get **cost-free informative material** (eg. tools, methodology and policy updates);

▶ **To network** at the local and international level with European administrations, research institutes, NGOs and more;

▶ To participate in **co-creation processes** and provide policy recommendations;

▶ To **gain visibility** (on social media, during events, and conferences);

▶ To **exchange practices** with the different stakeholders and project partners.

Some further information

- ▶ The creation of the Community of Interest (CoI) is sponsored by the European project **“Citizens Foresight Europe”**, funded by the **CERV programme of the European Union**.
- ▶ The project aims to promote **citizens’ engagement and participation in envisioning the future of Europe**, empowering participants to actively engage in democratic processes and have their preferences effectively represented in **future oriented decision-making**.
- ▶ The project will utilize a range of methods and tools, such as **foresight research, workshops, and co-creation labs**, to facilitate informed and inclusive citizen-driven debates.
- ▶ The **expected results** of the project include increased **awareness and engagement of citizens in envisioning the future of Europe**, enhanced understanding of **innovative future search methods**, and the establishment of a **platform for cross-disciplinary dialogue and knowledge exchange**.
